**4. The clerk provided the following brief update on the position about getting a new metered electricity supply for the park.**

Clerk advised that this was proving to be far more difficult than originally envisaged where Drax energy have advised that they cannot quote as the estimated consumption figure was too low for them.

A new application has now been sent via our Broker Utility Aid to Corona Energy who have no minimum level of consumption, and we are promised a further update by the 30<sup>th</sup> of November.

He promised to keep the Councillors updated on the position here.

**5. The Chair was very pleased with the feedback that the Council had received for running this year's Halloween competition. Despite only receiving four entries much goodwill had been created, generating increased traffic to our social media pages, which will help with community engagement.**

All four entrants had received prizes which will be funded from the Chair's fund.

The Chair had visited all properties and had presented the prizes personally, with photographs uploaded to our Facebook page. Again, the personal touch had been well received.

Learning points for next year.

1. Start publicising the event at the start of September, so that householders are made aware of it at an early stage and can plan accordingly which should help drive entries.
2. Print flyers and posters as it was acknowledged that not everyone in the area subscribes to social media and the digital word.
3. Perhaps consider running a scarecrow competition alongside.

6. Arrangements for the Christmas lights were finalised, and our grateful thanks go to Miss Jessica Llewellyn and family for allowing us to draw an electricity supply from their property to power the tree, given the difficulties that we are encountering in getting a new metered supply installed. A suitable compensation package will be agreed to cover the cost of the electricity used, and to compensate them for their inconvenience and this will be communicated to them by letter. The cost of which will be taken out of the budget allocated for the generator. It was also agreed to instruct Charles Sams Electrician to sort out the connection which must be weatherproof, and to hire two sets of Halogen lights from R P Hire at a cost of £60 plus Vat per event. The Chair wished to thank Cllr & Mrs Bowen for readily agreeing to supply the power for these lights via a connection from their property.

We are again grateful to our Community partners for sponsoring most of the food, the provision of selection boxes for the children, helping on the night, and to the Headmaster and Staff of Llangunnor school for the use of their facilities (Minute 11/23 E6)

7. The arrangements were finalised for the Carol Service around the new Christmas Tree at the park, Where Carmarthen Symphonic Wind Band have confirmed their attendance. Mulled wine and hot chocolate will be provided at a cost of £2.50 per cup to help generate funds to go towards the costs of the provision of Christmas lights at our three designated sites. It was further agreed to get twenty A4 posters printed to help publicise the event, which would be placed at key locations and business throughout the area. **(Minute 11/23 – E8)**

**8. Date on next meeting – to be advised the clerk.**
