Consultation on A48 Nantycaws WelTAG - Stakeholder Engagement: Response sent:

“Llangunnor Community Council are pleased to see that plans are being produced for the improvements at this very dangerous section of the A48. We realise from the plans that this is major construction project and therefore expensive, we hope that this is not just a paper project and that adequate finance is available to see the project completed as soon as is possible. As far as the alternatives are concerned the Council has no particular preference as they all achieve what we want.

Llangunnor Community Council have long campaigned for improvements to the parts of the A48 in this vicinity. We have highlighted issues with large lorries entering / leaving Nantycaws Tip, particularly turning right when leaving, there are many occasions when the rear part of trailers protrude into the fast lane of the A48 heading west. Similarly, the junction that turns into Nantycaws village is particularly dangerous at night as there is no lighting there. The Council acknowledge that there may be some time before a decision is taken on the proposals, but we do hope that something can be done to alleviate these issues we consider as requiring immediate resolution”.

The Council are assuming there will be consultation with the residents of Nantycaws, the Council would be happy to facilitate that meeting.
